

“We launched a new model CT100,”

CT100 is a substitution of Poscale that features cheap ticket printing and floating clerk functions at a reasonable price. This letter is for quick notice of the product.

CT100 is a low-cost ticket printing scale designed in European style.

It is ideal for a range of applications in bakery, candy, butcher store and open market.

With its 6 units of Floating Clerk function, CT100 is appropriate for major supermarkets as well as retail stores.

We take a user oriented design,

- Alpha-numeric LCD and various function keys are provided.
- Fast loading and printing receipt will ease your work.
- Wired/wireless network communication is possible.
- Battery assembling and setting is very easy.
- Cigarette lighter receptacle can be used as a charger.
